

## Crane Training Schools Cambridge

Crane Training Schools Cambridge - We have designed a lot of programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who needs certification or re-certification, and for inexperienced operator who is seeking work in the industry. Crane operator positions are high due to their high rates of pay. Crane operators are among the highest paid of whichever heavy machine operator.

Our Crane Operator training provides instruction for different mobile cranes. Course subject includes Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling.

The Crane Training School program is suitable for riggers, supervisors and operators. Course materials include an informative and manual hand-outs. The safety instruction manual which is illustrated features one hundred to two hundred fifty pages, depending on the course, of useful and essential material. Course materials consist of load charts and load chart exercises for the crane with which the trainee is working.

Hands-On Safety Training would take up more than half of the course curriculum. The practical training part is the most helpful method to developing and improving personal skill levels. Just certified journeyman crane instructors are selected to teach the courses. Our instructors possess numerous years of experience in the business.

Optional testing mechanisms are provided for all of our courses. Students would usually write tests both before and after training. A skills test is generally administered for programs that comprise H.O.S.T. People training would be tested and graded.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; Certification & Testing; and In-The-Seat Training.
